## NEWS RELEASE

For Immediate Release  
March 8, 2011

### **TWO OF CANADA’S BIGGEST CLINICS UPGRADING TO ACCURO® EMR**

**KELOWNA, BC** – (TSX-V: QHR) QHR Technologies Inc. (“QHR” or the “Company”), a leader in the Canadian Healthcare Information Technology sector, reports that its EMR division Optimed Software Corporation has recently signed two of Canada’s biggest private medical clinics in Manitoba, the Manitoba Clinic with 79 physicians and the Winnipeg Clinic with 51 physicians, to upgrade to Accuro® EMR.

Both clinics were acquired as clients when QHR purchased Clinicare Corporation for Optimed in December 2009.

The Manitoba Clinic, utilizing only Clinicare’s Billing and Scheduling applications, will be adding electronic medical records as the second phase of their upgrade to Optimed’s Accuro® EMR.

The Winnipeg Clinic, already an EMR client on Clinicare, plans to upgrade to Accuro®EMR in the coming months.

#### **About QHR Technologies Inc.**

QHR operates two business units in distinct markets:

The Electronic Medical Records (“EMR”) division offers a suite of medical software modules that provides computer-based medical records for family physicians, medical specialists, and surgeons, as well as administrative modules for billing and patient scheduling, that is a key component of the move throughout Canada to provide electronic healthcare records for all Canadians. The EMR division also provides on-site and off-site (ASP) hosting capabilities.

The Enterprise Management Software (“EMS”) division specializes in workforce management software, which consists of integrated payroll, staff scheduling and human resource software, and in customized financial management software built on the Microsoft Dynamics GP platform. These products are targeted at complex healthcare and social services environments.

#### Legal Notice Regarding Forward Looking Statements

*This news release may contain “forward looking statements” within the meaning of applicable Canadian securities legislation. Forward-looking statements are indicated expectations or intentions. Results from operations in any given period are not necessarily indicative of results to be expected in future periods. QHR is a technology business development enterprise where investment; various trends and factors in the marketplace; and product enhancements must be carefully managed to achieve long-term revenue growth and profitability. These statements are subject to risks that may cause the actual results to be materially different in future periods from those expressed or implied by such forward looking statement. It is our policy not to update forward looking statements. The TSX Venture Exchange has not reviewed and does not accept*

*responsibility for the adequacy or accuracy of this release. Further risk information on the Company is available at [www.sedar.com](http://www.sedar.com).*
